

Discovery

Oh! What Memories

Materials:

- Blocks of different colors and shapes (circle, triangle, square, rectangle)

Procedure:

1. Arrange three blocks of different shapes and colors side by side.
2. Discuss each block in reference to shape, color, and position (*first, second, third*).
3. Have the child study the pattern.
4. Rearrange the blocks.
5. Ask the child to arrange the blocks in their previous order.

To Make Activity Easier:

Use blocks that are the same color but different shapes.

Use blocks that match except for one different block.

Copy the pattern on a piece of paper as a model.

To Make Activity Harder:

Use more than three blocks.

Have the child copy the pattern on paper using crayons.

Objective:

Patterns
